Over the mountains,  
High up in the sky,  
Sailing and glowing  
Crescent moon goes by.

*"Dobryi vechir!"* - pronounced  
DOH-brih-ee VEH-cheer  
In Ukrainian it means "Good Night!"

She spreads her Moonbeams,  
calls to the star  
"Let's sail together  
Wander afar!"

*"Veselykh Svyat!"* - pronounced  
veh-SEH-lykh sviat  
In Ukrainian it means "Happy Holidays!"

Star of the world, is  
Shining through the night!  
Illuminating, illuminating  
Miracle of joy and light,  
Miracle of joy and light.

Both greetings are widely used  
during the Christmas and the New Year  
celebrations.

Snow's falling softly  
downy and white  
Wish to all people  
"Veselykh Sviat!"

Smile to the strangers  
All will be right!  
Say "Dobryi vechir!"  
wish them "Good night!"

Star of the world, is  
Shining through the night!  
Illuminating, illuminating  
Miracle of joy and light,  
Miracle of joy and light
